Standard adapter plate, angle adapter plate and Z-adapter plate to fix rails on S-5! - Clamps without flange.

Please note always the installation instructions of the S-5! Clamps. The user and/or installer bears also the responsibility not only for the professional installation, but also for the roof on which he is mounted. The user and/or installer must always clarify in advance the application possibilities and application of our products in connection with the other used materials and products at the single project. The responsibility for the assembly and the applications is in principle not accepted from RoofTech GmbH and S-5!® - Metal Roof Innovations Ltd.. The installation instructions and and more information to download under www.rooftech.de. Tests and additional information are available on the homepage of S-5!: www.s-5.com.
